Remède Spa at St. Regis Aspen Resort Pampers Guests with Signature Services

Aspen, Colo. – Remède Spa at the St. Regis Aspen Resort offers a luxurious and relaxing experience amidst 15,000 square feet of tranquil space, pampering patrons with signature touches including chilled sparkling wine and truffles. Exclusive to St. Regis Hotels & Resorts, Remède Spa offers a comprehensive menu of customized and results-oriented facial, massage and body treatments, as well as wax and nail services.

As the only resort spa in Aspen, Remède Spa indulges guests with a post-treatment oxygen room, Kashwere™ throws and the room service menu available in the spa. These touches combine to create a decadent spa experience that is unmistakably Remède.

Remède's peaceful, post-treatment oxygen room offers complimentary oxygen to help guests acclimate to the high altitude environment of Aspen and make the most of their treatments. Spa guests also enjoy features such as the Confluence - a 101-degree waterfall whirlpool, men's and women's whirlpools, cold plunges and steam rooms, luxurious private showers and changing rooms, secure digital lockers holding plush robes, and the adjacent fitness center and Movement Room. The hotel room service menu is also available in the spa.
