

ST REGIS

ASPEN

FACT SHEET – The St. Regis Aspen Resort

The St. Regis Aspen Resort delivers a benchmark of personalized service and attention to detail amidst the relaxed spirit of the Rocky Mountains. The property underwent a \$40-million redesign in 2011 inspired by grand manor lifestyle of the Gilded Age to refresh guest rooms and public spaces. Comfortable, well-appointed guest rooms and suites, the St. Regis Residence Club, fine dining options at The Restaurant or Shadow Mountain Lounge, Remède Spa, over 20,000 square feet of function space and a variety of seasonal activities for all ages year-round ensure that guests experience nothing less than a remarkable stay.

History: The rich heritage of St. Regis informs every touch across every address. It is, quite simply, the very essence of the St. Regis brand. Cherished traditions such as fresh flowers, afternoon tea service and midnight supper are carried out as flawlessly today as they were a century ago under the discerning eye of Lady Astor. Likewise, the art of sabering a bottle of champagne is still practiced, and cognac and hand-rolled cigars remain an after dinner staple. The Bloody Mary, a signature cocktail of St. Regis since it was first concocted by Fernand Petiot in the King Cole Bar and Lounge, is brought to life through new interpretations that reflect the distinct personality of each address. These time-honored traditions were brought to Aspen in 1999 and countless others have been made since to guests staying at The St. Regis Aspen Resort.

Location: Ideally located at the base of Aspen Mountain, The St. Regis Aspen Resort is situated between the mountain's two primary base ski lifts and within walking distance to all of Aspen's shops, restaurants and entertainment. The hotel is just 10 minutes from Aspen's airport and offers convenient access to all four ski areas as well as area golf courses.
